THE DUNGGANON MEMORIAL PLAN

is a non-financial supplemental package being offered to all clients to lessen the financial burden from the loss of a family member. The plan serves to protect the businesses and savings built by clients, providing security and the means to honor past loved ones with dignity and pride.

“The benefits that my wife received from Project Dunganon have been a great help to our family especially when she was in the hospital.

The grief we feel from her loss was somehow eased because the burden of worrying about the financial cost of a funeral has been lessened by the assistance of her memorial plan”
