Some of the advantages of Bankingly

WORLD CLASS SOLUTION

More than 3,500,000 users in 23 countries. Excellent ratings on Google Play and Apple Store.

PAY PER REAL USAGE

It does not require significant up-front investments in licenses, servers, staff, or support. Aligned objectives between users, financial institutions and Bankingly.

FUTURE PROOF

The Bankingly subscription model covers updates, enhancements and the continuous development of the platform. You won't have to pay again for upgrades or improvements.

OPERATED ON MICROSOFT AZURE

Microsoft Azure is a cloud computing service created by Microsoft that guarantees safety in terms of data management.

SECURITY

Over 100 installs and we have never been hacked. We comply with the OWASP Top 10 secure programming best practices.

FAST IMPLEMENTATION

Bankingly can be implemented in 8 weeks.
