LESSONS LEARNED

THERE ARE CRITICAL MEASURES THAT AN ORGANIZATION CAN TAKE TO PROTECT PEOPLE, ASSETS AND BOTTOMLINE IN THE WAKE OF DISASTER WHILE CREATING A BUSINESS CONTINUITY PLAN

MITIGATION

- **MFI** : Challenge Coordination between staff, clients and the board
- **Gov't/ LGU** : Dependent on the DM and resources
- **MF Sector**: coordination, advocacy with policy makers and other stakeholders

PREPAREDNESS

- **MFI** : information dissemination, preparation, reach and depth of our network, Business continuity plan (BCP)
- **Gov't/ LGU** : increase info dissemination, offices can also be used. Localized drills, evacuation centers etc
- **MF Sector** : coordination with all players in the community (clients and staff, LGU, other MFIs)
- Resilient Reconstruction

RESPONSE

- **MFI**: Inventory of staff clients and properties, assessment, repairs, reestablishing operation and cleaning up, business closure
- **Gov't/ LGU** : restoration of utilities, relief operation i.e cash transfer
- **MF Sector**: Coordination with MF players, triage clean-up effort, shared resources, collection (moratorium) etc

RECOVERY

- **MFI**: Staff: clients, Institution: (what was affected?) Extent of damage, institution, staff and clients
- **Gov't/ LGUs**: creating strategic protocols and action plans to address serious impact
- **MF Sector**: Design of recovery plan (consultative) common strategies amongst MF and cross cutting strategies, partnership building with private and public stakeholders
