TREASURER

AUDITOR

PROJECT  
OFFICER

# CENTER MEETING ACTIVITIES

# CENTER MEETING ACTIVITY

Ultimate dream is to have health cadets and 3S cadets in each center.

## KALUSUGAN KADETS

- Members trained regarding health, including the causes and cures of communicable and non-communicable diseases, and taking vital signs such as blood pressure. They are our partners in encouraging their fellow members to raise awareness on health-related matters and encourage health-seeking behaviour.

## 3S KADETS

- Members trained on disaster preparedness. They help raise awareness to their fellow members on DRR-CCA.

## The 3S Kadets and the Kalusugan Kadets

- Members who help us in the implementation of non-financial services and reach more members at the center-level, particularly on DRR-CCA (3S Kadets) and health (Kalusugan Kadets)
- Strengthens community involvement and engagement of members

500

3S KADETS

2,000

KALUSUGAN  
KADETS

# IMPORTANCE OF CENTER MEETINGS

- Allows a clear structure in the delivery of financial and social products and services to the members
- Attendance = Payments
- More systematic and in-depth knowledge about the member/s and potential members
- Helps in the assessment of members, especially during loan availment
- Direct and immediate gathering of information from the members
- Direct dissemination of information to the members (policies, processes, etc.)
- Promotes camaraderie and solidarity in the group

# THANK YOU
